

ANDERSON RESIGNS FROM COMMITTEE

Action Comes as Climax of Republican Condemnation of Democratic Legislative Methods

EXPLAINS HIS REASONS

Declares System in Vogue Deprived Him of Opportunity for Service to the Country on Ways and Means Body

REVIEWS COURSE OF TARIFF BILL

WASHINGTON, Sept. 11.—As the climax of the vigorous Republican condemnation of Democratic legislative methods which has marked the currency debate, Representative Sidney Anderson of Minnesota, on the floor of the house, late today resigned as a member of the powerful ways and means committee. In a speech bitterly assailing legislation through caucus action and partisan consideration of the tariff bill and the currency bill in committees, Representative Anderson said that the system of legislation established there "made his efforts on the committee a farce and a fraud."

Throughout the day the Republicans had criticized the means employed by the Democrats in framing the currency committee majority and the secret session of the caucus which endorsed the bill. This evening Representative Anderson secured the floor and sent his resignation to the clerk's desk to be read. The house listened in silence and when the clerk concluded Mr. Anderson explained his reasons for resigning.

"I am induced to resign my membership on the committee on ways and means," he said "because the rules of this house and the system of legislation in vogue here deprive me of my opportunity for service to the country on that committee and because my continuance on that committee must be construed into an acquiescence in fraud upon those who have a right to believe that I have some part in framing the legislation reported by that committee. The system of legislation, visible and invisible, which obtains here, strips me of my prerogatives as a representative of the people. If the present system continues, the inevitable result must be that men of industry and ability will no longer seek membership in the house."

He reviewed the course of the tariff bill through the ways and means committee and the house and said:

"I have no part in the framing of the tariff bill which passed the house and the senate. I shall have none. I am overwhelmed, discouraged, disheartened, by the uselessness and fruitlessness of it all."

In analysis of the operation of the caucus system Mr. Anderson declared that fourteen southern states, Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia alone send 123 Democrats to the house—"enough to control the legislative policy of the caucus and hence of the house."

Throughout the day the general discussion of the currency bill continued, Democrats lauding the measure, Republicans endorsing parts of it and condemning most strongly the provisions for forcing national banks into the proposed new system and making the new reserve notes give out obligations. Representative Rogers of Massachusetts, Republican, declared tonight that the Democrats of the banking and currency committee were but "amiable amateurs" on currency, "and yet they are to tear up by the roots the entire banking system of the United States, the country whose industries are the most colossal and manifold and whose financial system is the most complex of any nation on the globe."

Representative Hullings of Pennsylvania, Progressive, discussed the activities of President Wilson in connection with the consideration of the currency bill.

"Since Andrew Jackson," he said, "there has been no more determined, as to the policy in occupying the presidential chair, than the present occupant of the white house."

BIRTHDAY CELEBRATION.
Mrs. Henry Bridgman of Decatur celebrated her 75th birthday Wednesday in the presence of a large number of friends. As there were so many guests there was no house large enough to hold them all, so the affair was held in Fairview park, where some 140 persons partook of the generous hospitality afforded by the occasion.

Mrs. Bridgman was for many years a highly respected resident of this city, but for some years has been living in the capital of Macon county, where she has hosts of friends. The party was a delightful affair and a number of nice presents added much to the pleasure of the worthy old lady hostess.

Those present from this vicinity were Mrs. Jeff White, Mrs. Charles Patterson, Mrs. M. E. Cully, Mr. and Mrs. S. W. Black and daughter, Irene.

PRESIDENT GOMPERS CLOSES TESTIMONY

DECLARES THERE IS NO FEELING BETWEEN EMPLOYER AND EMPLOYEE

Asserts the Life of a Horse Is of More Value Than the Life of a Human Being to Our Manufacturers—Says Feeling Is Different in European Nations.

WASHINGTON, Sept. 11.—Samuel Gompers, president of the American Federation of Labor, closed his two days' testimony before the house lobby committee tonight with a statement that in the United States there is no feeling between employer and employees such as is found in Europe in nations where industrial life has taken the place of relations between master and man, which are the product of centuries in Europe. He said this transaction has been accompanied by a deep feeling for the employee and in consequence those countries are decades ahead of the United States in legislation for the protection of the lives of working men.

"The lives of working men count for nothing in the United States," said he. "It seems to me that the life of a horse is of more value than the life of a human being to our manufacturers. If this slaughter does not end I do not know what our industrial life will come to. The manufacturers oppose all legislation designed to protect the working men."

Reviewing at some length the court decisions against labor organizations under the Sherman act, the witness said:

"The Federation exists at the sufferance of an administration. Under the Sherman law the normal activities of the association in a legislative of power no more than the individual exercises every day—the power to withhold patronage, are restrained and three-fold damages can be claimed and obtained."

The witness testified that he had recommended to the house committee of either representative Lewis of Maryland or Representative Buchanan of Illinois as chairman of the labor committee. Lewis was appointed.

The "lobbying" by the Federation, Mr. Gompers thought was justified and in the open.

BIDS SUBMITTED TO LINCOLN COMMISSION VARY GREATLY

Memorial Commission Postpones Action on Seventeen Bids Received Until September 25.

Washington, Sept. 11.—On account of the diversity and intricate character of seventeen bids submitted to the Lincoln memorial commission for the construction of the \$2,000,000 memorial to be erected here on the banks of the Potomac river, the commission has deferred action upon all proposals until September 25.

The lowest bid for the superstructure, exclusive of the statue of Lincoln and the decorative work, was the George A. Fuller company of New York at \$1,494,000. At this figure the company offered to build the memorial of either Mount Airy granite, Doerest white marble or Florence (Vermont) marble. The lowest bidder for the foundation work was Charles Fath and company of Cleveland, Ohio, at \$279,000. The highest bidder for the superstructure was John Gill and company of Cleveland, Ohio, at \$1,916,000 and for the foundation Morrow Brothers of Baltimore at \$442,000. Proposals between the highest and lowest bidder comprised a great diversity of estimates.

The commissioners pointed out that if any of the proposals were accepted it would be difficult to complete the memorial within the \$2,000,000 authorized by congress.

FIRST SERVICE IN TABERNACLE TONIGHT

Large Tent Was Erected and Seats Arranged Yesterday—Rev. R. F. Thrapp to Speak.

Twenty-five men joined hands in erecting the large tabernacle tent yesterday on the vacant lot north of the high school building. The platform was erected on the west side and all the seats have been arranged. Evangelist Milton S. Rees will arrive Saturday evening or Sunday morning and it is expected to have a choir of three or four hundred voices.

The opening service of the tabernacle will be held this evening at 7:30 o'clock. There will be a number of talks and Rev. R. F. Thrapp, former pastor of the Central Christian church, who is in the city has consented to make a talk. There will be a song service and the public is cordially invited to this opening service.

PHILIP SANDOVAL MURDERED.

Denver, Colo., Sept. 11.—Philip Sandoval, baseball player, who is said to have been recently released by the Sioux City team of Western league was shot and killed tonight by Sam Long, ex of Samuel H. Long, secretary of the Kansas City Casino Company, as the result of a brawl in a bar room. Long, who surrendered to the police declared Sandoval had kicked him in the face before he shot in self defense.

MINORITY MEMBERS ARE BARRED BY DEMOCRATS

MAJORITY TAKES UP FINAL WORK ON TARIFF REVISION BILL

Conferees Will Not Call Their Minority in Until They Have Settled All Phases of the Dispute—Complete Chemical Schedule.

WASHINGTON, Sept. 11.—With the minority members of the conference committee barred from the proceedings the Democratic majority in charge of the final work on the tariff revision bill today began its work of adjusting conflicts between the senate and house. At the end of a short afternoon session the Democrats had completed work on the chemical schedule of the bill and Representative Underwood and Senator Simmons predicted that the progress toward a complete agreement would be speedy and harmonious.

The Democratic conferees will not call their minority in until they have settled all phases of the tariff dispute. The conference which began today was participated in by Senators Simmons, Williams, Shively and Johnson and Representatives Underwood, Dixon, Kitchin and Rainey. Representative Murdock, the Progressive named on the conference committee of the house, appeared at the conference room early in the afternoon, but when he found the Democrats were working separately on the bill he made no effort to join the conference.

In today's session the house members yielded to the senate on the majority of amendments, accepting the senate lower rates on most of the disputed items. The reductions made by the senate on coal tariffs, including alizarin and anthracene, were approved and the senate's rates on soaps were retained, although the language of the paragraphs was changed at the suggestion of the house members.

A compromise was made on the item of chlorate of potash, which the house had taxed at 1 cent per pound, but which had been free listed in the senate. It is understood the compromise will be based on an even division of the house rate.

The Democratic conferees will meet daily in morning and afternoon sessions and the Republican members probably will not be called in until the latter part of next week.

Senator La Follette intimated today that he considered the procedure of the Democrats unusual in working over the bill without their associates named from the two houses; but other members of the committee said the method pursued was in line with precedents established in other tariff revisions.

AMERICAN RAILROADS ARE HAMPERED BY COSTLY LAWS

W. L. Park, Vice President of the I. C., Delivers Chief Address at Chicago Convention.

Chicago, Sept. 11.—W. L. Park, vice president of the Illinois Central railroad, tonight said that American railroads were inferior to foreign roads, because the American lines had been hampered by "ill-advised, costly and poisonous laws, orders and regulations." He delivered the chief address before the Road Masters and Maintenance of Way Association's convention here.

"The money wasted in many directions through the interference of those who know little about the actual conditions on railroads would provide real safety if the railroads' managers were permitted to spend it in the proper direction. He said:

"The money to make the improvements required to bring our roads up to the standards of foreign roads is available in Europe, but can not be borrowed unless investors are assured that the investment will be safe and the interest paid when due."

A PLEASANT MEETING.

Something more than sixty years ago two boys, named respectively, William A. Kirby and Truman Post, worked for Clayton & Selby, publishers of the Weekly Journal, with offices in the third story of the Smiley Henderson building where the opera house now stands. Young Post left the city not long after, but the other retained his residence here the greater part of the time and is today one of the highly honored citizens of Jacksonville.

Not long since he was in Washington City and hunted up his former playmate and found him a gray haired man and auditor in the postoffice building. A happy meeting ensued and many old times were brought up and discussed, though it was hard for each to realize that the old gentleman before him was the former associate in the printing office so long since.

REPRESENTATIVE WILDER DIES.

Washington, Sept. 11.—Representative William Henry Wilder of third Massachusetts district, died at his apartments here tonight after a lingering illness. Representative Wilder was born at Belfast, Maine, in 1855. He moved to Massachusetts in 1886. He was a Republican and was elected to the 62nd and re-elected to the 63rd congress. He is survived by a widow and by two sons and three daughter by his first wife.

INCREASE NUMBER OF THAW'S GUARDS

Precautions Taken to Prevent Possibility of Kidnapping by Canadian Contingent

NO COURT PROCEEDINGS

Attorneys, Apparently Thinking Their Client Safe in Custody of Sheriff, Abandon Habeas Corpus Proceedings

HEARING IS TO BE HELD TODAY

COLEBROOK, N. H., Sept. 11.—Harry K. Thaw will not be spirited away from this place. The guards about Thaw's hotel were increased from 12 to 25. All were armed and under the direction of Chief of Police Charles Kelley. The chief appointed his first deputy sheriff after hearing stories that officers from New York might attempt to kidnap Thaw. He augmented them in the face of rumors that the Canadian contingent might essay the same thing.

There was no court proceedings today. Thaw's arraignment being cut off by mutual consent until 10 o'clock tomorrow morning and Thaw's lawyers apparently thinking him safe in the custody of the sheriff abandoned the action to release him on a writ of habeas corpus.

Twenty five Canadians, several of them opponents of Wm. Travers Jerome, after his arrest in Colebrook, Quebec last week on a charge of gambling at others from Sherbrooke, where Harry K. Thaw received such an evocation in court have followed the fugitive across the border into New Hampshire. Groups of Canadians stood about the hotel corridors and on the street corners throughout the day and closely followed Thaw on the two trips he made from his room to the barber shop and the office of his chief counsel, Thomas Johnson. This so alarmed the police chief that he had his men completely surrounded Thaw and escorted him to the hotel.

Mr. Jerome spoke with a smile tonight of the camp followers from across the border but added that he had heard apparently authentic reports that spoke of the more emotional conduct of the Canadians from Canada had spoken seriously of liberating him.

While Jerome was in the hotel where Thaw is housed, the man, who interested himself in working up evidence against Jerome on the gambling charge asked to be introduced to him. Jerome coldly referred to the man as ringleader in a contemptible proceeding and turned his back on him.

Thaw's progress down Main street to his lawyers' office this afternoon drew the population of the entire village and environs to the scene. Every available vehicle in town was pressed into service; windows along the way were black with heads. Thaw head erect and smiling walking beside huge Sheriff Drew. Behind them trotted the small boys of the village; ahead frisked a yellow dog, yelping delightedly. From a second story widow a small girl tossed Thaw a bouquet of sweet peas. There was no cheering.

Unless more delay intervenes Thaw will be brought before Justice Carr in the morning on the complaint that he is wanted in New York for conspiracy. Counsel for New York, will ask that he be remanded until a return on the warrant can be presented to Governor Felker and that he be returned to the county jail at Lancaster. Then will begin the real fight against extradition. In preparation for this, Thaw has retained still another lawyer. He is N. E. Martin, ex-mayor of Concord, a leader in the state democracy and a close associate of Governor Felker, who arrived in Colebrook today.

New Warrant for Thaw.
Poughkeepsie, N. Y., Sept. 11.—Supreme Court Justice Morschauer today signed a new warrant for Thaw, charging him with having conspired with Richard J. Butler and others to effect his release from Matteawan. Tomorrow District Attorney longer will go to Albany with renewed vigor for the signature of Acting Governor Glynn and with Sheriff Hornbeck will proceed from Albany to Concord and present the papers to Governor Felker.

TEAMSTER FOUND DEAD.
Springfield, Ill., Sept. 11.—Leonard Nelson, a teamster, and at one time a prominent farmer of this county was found dead this morning with a bottle which contained poison beside his body. Tuesday Nelson borrowed \$5 from Chief of Police Underwood, purchased the poison and went home and drank it that night. The police investigate yesterday but when they found him lying on the bed thought he was intoxicated.

ASKS APPOINTMENT OF RECEIVERS.

St. Louis, Sept. 11.—Stephen Beals of Hopkinson, N. H., filed suit in the federal district court here today for the appointment of receivers for the St. Francis Lead and Potash Mines company and the Potash Lead, Barvita and Mercantile company. The first operates the Jacob Day mines, in St. Francois county, Mo., the second is a \$5,000,000 Maine corporation, and the third is a million dollar Missouri concern.

ONE KILLED WHEN TWO PASSENGERS COLLIDE

ENGINEER OF ONE LOCOMOTIVE IS SERIOUSLY INJURED

Wreck, Which Occurred at Fredericksburg, Iowa, Caused by Failure of Northbound Train to Obey Signal Orders.

Fredericksburg, Iowa, Sept. 11.—One man was instantly killed and one seriously injured in a head-on collision between southbound passenger No. 2, on the Chicago Great Western at 3:10 o'clock this morning. The wreck occurred within three hundred feet of the depot and was caused by the failure of the northbound train to obey signal orders to give train No. 2 the right-of-way. Fireman I. S. Peterson on train No. 2 was caught between the engine and tender and scalded to death. Harry Brown, engineer on the same train, sustained a broken leg and arm and was bruised about the head and shoulders.

The northbound train has orders to meet train No. 2, but it was thought by trainmen, it is said, that there was time to make a switch before the southbound train was due. When the northbound train had gone only about 300 feet toward the switch the engineer saw the southbound train approaching. He applied the emergency brakes and jumped. The fireman also jumped. Neither were injured. The trains came together with a crash. Both engines, baggage cars and one smoker were badly damaged. The passengers escaped injury, due to the fact that the southbound train was running slowly. Both trains were heavily loaded. The southbound train is not scheduled to stop at this point except on signal.

No headlights were burning, which partially accounts for the failure of the engine men on the southbound train not jumping before the crash.

Engineer Brown was hurried to his home in St. Paul on the first northbound passenger. The dead fireman resided at St. Paul, to which place his body will probably be sent for burial. Coroner E. N. Johnson was called immediately and will hold an inquest to determine the cause of Peterson's death.

KANKAKEE PATIENT FOUND UNCONSCIOUS AND NEARLY STARVED

Had Been Hiding in a Forsaken Room in Basement of Institution for Forty Days and Forty Nights—Chance for Recovery.

Kankakee, Ill., Sept. 11.—John Robertson, a patient at the State hospital for the insane unconscious and nearly starved was found today in a forsaken room in the basement of the institution where he has been hiding for forty days and forty nights. Robertson's body was crouched at the foot of a rusty water pipe from which a drop of water fell every few minutes. The water it is believed, is the only sustenance he has had since July 31, when he disappeared from one of the fields in which he was working. The body was found by a party of plumbers who entered the basement to repair the water pipes.

The room in which Robertson was found has been deserted for years and the doors are kept locked. Supt. Kelly has not yet learned how the patient gained admission.

In one corner is a dingy hole in the stone wall used as an air vent or dust chute. Here Robertson's body was found.

BURLINGTON BUYS CARS.

To prepare for the coal season, which has already opened with a big rush, the Burlington has purchased 3,000 new coal cars from the Haskell-Parker Car company of Michigan City, Ind.

The cars are being delivered right along, a few arriving every day and they are being put in use as fast as they are received. The cars are of the latest type for handling coal. They are all steel with hopper bottoms.

The coal season, which promises to be unusually heavy, is just beginning to open up and when it is in full swing the 3,000 new cars will not remain idle very long. The cars will nearly all be used in the mining district of the state.

According to a report in a weekly railroad publication the Burlington is considering the purchase of a number of locomotives of the Santa Fe and Pacific types.

THE FREE KINDERGARTEN.

School will open in the rooms over Graham's hardware store at 9 a. m. Monday, Sept. 15. The visiting committees are now making their canvass for pupils and desire the cooperation of interested friends. Any one knowing of a child who should have the benefit of this invaluable training will kindly give the name and address to Mrs. John Cherry, corner Church and Morgan streets.

The great work of this institution is little known to the general public because of the modest and unheralded board of directors. But to those who have the benefit of its work, they know it is fully appreciated and has been fully called Jacksonville's most Christly charity.

It is a matter of deep gratification that Charabel Hopper, in loving personal sacrifice, remains as kindergarten. Her aids will be Irene Sandberg, Edith Henderson and Jean Jenkinson.

A most prosperous year is assured.

BELIEVE MEXICO HAS NO EFFECTIVE PEACE PLAN

ADMINISTRATION OFFICIALS CONVINCED THAT SITUATION IS DRIFTING

United States Does Not Feel Bound to Recognize Government Resulting From October Election—Zamacoena Seeks No Interviews.

WASHINGTON, Sept. 11.—Administration officials are convinced that the Mexico City authorities have no effective plan of their own to bring about peace in Mexico and that the situation there is drifting.

The United States will await with interest the election scheduled for October 26, but does not feel bound to recognize the government resulting from that election.

While the situation in Mexico City is described by administration officials as one of quicksand, Mr. Lind is to remain in Mexico indefinitely. President Wilson left tonight for Cornish, N. H., to spend the week-end with his family at the summer white house.

Senor Manuel De Zamacoena, said to be the personal representative of President Huerta, left Washington today after a day's visit without seeking any interviews with government officials.

May Revise Constitution.

Paris, Sept. 12.—The Mexican City correspondent of the Matin says it is believed that the Mexican congress, which convenes September 15, will revise the constitution so as to permit General Huerta's candidacy for the presidency. "If the revision is voted," adds the correspondent, "General Huerta doubtless will consent to be a candidate."

Deputy Sheriff Killed.

Laredo, Texas, Sept. 11.—Deputy Sheriff Ortiz, who, with Sheriff Buck was captured by a band of Mexican ammunition smugglers near Carrizo Springs, Texas today, was put to death, according to advices received here tonight. Buck, is reported, has been released.

Buck and Ortiz were members of a posse which intercepted a band of men making their way from Carrizo Springs toward the Mexican border and were taken prisoners.

A second posse was quickly formed at Carrizo Springs and went in pursuit of the smugglers.

BODY OF MURDERED WOMAN IDENTIFIED BY HUSBAND

Casper Janin Tells Police His Wife Disappeared From Their Home in Spain Three Years Ago.

New York, Sept. 11.—The woman who was murdered ten days ago and whose body was cut up and thrown into the Hudson river, was identified this afternoon as Mrs. Casper Janin of this city. Although the head, arms and legs are missing, the body was identified by a mark on the back. The woman's husband made the identification and told the police she had disappeared from her home on Aug. 14.

Casper Janin, the husband, told the Hoboken police that he and his wife lived in Barcelona, Spain, up to about three years ago, when the woman left him and came to this country. Janin said that he followed her soon after and found her living at a house on West 104th street, New York.

The police immediately set out to find the man whose name Janin gave them as the proprietor of the house on West 104th street.

No trace of the man had been found at a late hour tonight, but it was reported that he had gone to Cuba, sailing last Saturday.

LARGE AMOUNT OF MONEY DISAPPEARS FROM TRAIN

Southern Express Company Officials Admit That \$71,900 Is Missing From Portable Safe.

Savannah, Ga., Sept. 11.—Officials of the Southern Express company tonight were reluctant to disclose the disappearance of currency amounting to \$71,900 from a portable safe on Atlantic Coast Line train No. 89 while in transit from Jersey City to Savannah. The loss of the money became known today when \$50,000 of it was to be delivered to the Savannah Bank and Trust company. Except to admit that the money sealed in envelopes and locked in the private safe had mysteriously disappeared, express company officials declined to talk.

WEATHER INDICATIONS AND TEMPERATURES

Washington, Sept. 11.—For Illinois: Fair Friday, preceded by showers in south, slightly cooler; Saturday fair, light to moderate north and northeast winds.

MAYOR GAYNOR DIES ABROAD THE BALTIC

Was Voyaging Over the Sea in the Hope of Regaining His Health to Enter Campaign

PLAN FOR FUNERAL TODAY

Office of Mayor Is Automatically Transferred to Col. Adolph L. Kline, President of the Board of Aldermen

TO FOLLOW GAYNOR'S POLICIES

NEW YORK, Sept. 11.—William J. Gaynor, mayor of New York City, voyaging over sea on the steamer Baltic, in the hope of regaining his strength to enter the three cornered municipal session as a candidate for re-election, died suddenly on the Baltic, as the steamer was within a few hundred miles of the coast yesterday afternoon. The first news of his death flashed by wireless and relayed by cable from Europe, reached his secretary, Robert Adamson, this morning. The mayor had succumbed to heart failure, the message said.

Later dispatches from his son, Rufus W. Gaynor, who was his father's only traveling companion, gave details. "Father died at 1:07 p. m. on Wednesday, the 10th," said a message from the son, received by Secretary Adamson tonight. "His death was due to heart failure. He was seated in his desk chair at the time. I and the nurse and the ship's doctor were with him. I discovered him unconscious in the chair, though still alive. He died about three minutes later without recognizing any of us. Everything possible was done, but he seemed to go as a candle flickers out."

That the mayor's heart was weak was the statement tonight of physicians who treated him at the time he was shot in the neck and almost done to death by an insane discharged city employe in August, 1910.

Plans for a public funeral to be held probably on Monday September 22, will be made tomorrow by the board of estimate. Late advices from abroad say the body will be transferred from the Baltic to the steamer Cedric sailing from Queenstown tomorrow, or if that arrangement cannot be effected, to the Lusitania, sailing from Liverpool on Saturday and should arrive in New York Friday or Saturday of next week.

The death of Mayor Gaynor automatically transferred the office of mayor to Col. Adolph L. Kline, a Republican, president of the board of aldermen. Mayor Kline declared that during his short term of office which will terminate on January 1, 1914, he would carry out the policies of Mayor Gaynor, so far as he knew them. The heated municipal campaign came to a sudden stop today, while many conferences were held to review the change which Mayor Gaynor's death made in the general situation.

Will Arrive on Lusitania.
A definite announcement that the body of Mayor Gaynor would be brought here on the line Lusitania was reached late tonight by members of the late Mayor's family and representatives of the White Star line. It was doubted that the body could make Queenstown before the departure of the Cedric and the plan to have the Lusitania take the body on board was deemed most advisable. The Lusitania is due here next Friday.

COFFEYVILLE, Kans., Sept. 11.
Lightning struck a huge oil tank at the plant of the Kansas Oil refinery here today and started a fire which destroyed the condensing plant, a school building and two dwelling houses. The loss was estimated at \$60,000.

NEW YORK, Sept. 11.—Wayland Everett Benjamin, a widely known attorney and the author of numerous standard law books, died in a hospital here tonight as the result of an operation.

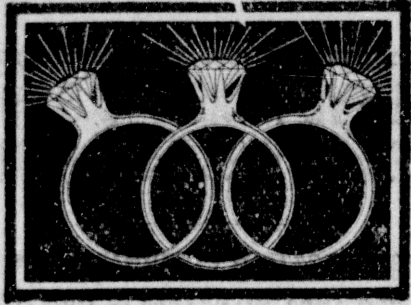

WASHINGTON, Sept. 11.—David Lamar, conspicuous figure in the senate lobby investigation and now under indictment in New York for impersonating members of congress, was arrested here tonight by order of Attorney General McReynolds. He was released on \$3,000 bonds.

JOLIET, Ill., Sept. 11.—Charged with forgeries that may total \$200,000 and which left many of his victims penniless, James C. O'Connor, a real estate dealer, is in jail tonight.

ST. PAUL, Sept. 11.—Unobserved except by many telegrams and notes of congratulations from friends and church dignitaries scattered all over America, Archbishop John Ireland today passed the 75th anniversary of his birth.

ST. LOUIS, Sept. 11.—Branch Rickey tonight signed a contract to manage the St. Louis club of the American league and will assume charge of the team within the next few weeks. The terms of the contract were not made known.

GREAT CONVENTION BROUGHT TO CLOSE

STIRRING ADDRESS ON SIGNS OF TIMES ENDS SESSIONS OF I. C. M. S.

Representative Gathering at Christian Church Takes Strong Stand Against National Evils—Officers Named For Ensuing Year.

When the closing words of benediction brought to an end the sixty-third annual convention of the Illinois Christian missionary society Thursday evening there passed into history a gathering which by many was said to have been among the most successful in the life of the organization. Five hundred delegates and visitors heard messages from inspired fellow-workers and sixty-three counties of the one hundred and two sent representatives to this assemblage of workers of the Disciples of Christ.

In an address of scholarly ease and power C. M. Chilton of Missouri filled the closing moments of the convention with hopeful prophecies of a happier, grander era for the Church of Christ and for the world. Among the encouraging transients in the course of the day was the naming of officers for the 1914 convention, the re-election of the members of the state board and the passing of resolutions on some of the importance questions now facing the people of the United States.

"The Signs of the Times." "Although unrest permeates every stratum of Twentieth Century society and the culture of the present often seems as decadent as that of the lost nations of antiquity, there appear on the horizon from time to time signs of uplift and progress which augur well for the future and promise the birth of a newer, grander and more perfect civilization." C. M. Chilton the speaker of the closing session of the convention enumerated the rising tide of democracy in all parts of the world, the victories of Christ over Mohammed in Turkey and the near east and the triumph of the Saviour in ancient, pagan China, now revived and on the way toward a government of Christian democracy.

The Convention Officers. The officers for the 1914 convention as reported to the I. C. M. S. at the 11 o'clock business session Thursday were: President—S. E. Fisher, Champaign. Vice-president—John I. Gunn, Marion. Secretaries—Ralph Callaway, Clinton and H. H. Jenner, Long Point. Member of State board—E. M. Smith, Decatur; J. D. Zandt, Peoria and S. H. Zandt, Bloomington. The state board, which met for business as a new organization at 1 o'clock, will contain the same personnel as last year, each of the officers having been re-employed. They are: President—W. H. Cannon of Decatur. Secretary—S. H. Zandt of Bloomington. Field Secretary—J. Fred Jones of Stanford. Office secretary—W. D. Dewesse. Treasurer—J. P. Darst, Peoria. Bible school Superintendent—C. L. DePew, Jacksonville. The Resolutions. Following the report of the nominating committee a set of resolutions were reported to the convention taking a strong stand against the liquor traffic, white slavery and child labor. Fraternal greetings were sent to the Illinois conference of the Methodist church, now in session at Shelbyville. That Charles A. Volapick, the convention brewer is unfit to represent the United States in the Balkan countries was stated in the resolutions. In unequivocal terms the convention went on record as strongly opposed to the confirmation of the nomination by the senate of this representative of the liquor interests.

Church Efficiency Session. The Thursday morning session, devoted as it was to questions of church function and management, was called the "Church Efficiency Session." Among the speakers were Adam K. Adcock of Duquoin, George Brown, of Paris, and Prof. A. W. Nolan of the State university at Champaign. The church efficiency session proper was preceded by the usual morning bible school conferences and short devotional exercise by T. T. Holton of Bloomington.

The Missionary Session. The afternoon, or missionary program, included addresses on missions in Illinois and over the world and an explanation of the work of the Christian church toward ministerial relief. The introductory devotional service was in charge of N. S. Haynes of Decatur, after which the convention president, W. W. Newton, introduced the speaker on "Illinois Missions," S. H. Zandt of Bloomington. He summarized the work of the state and spoke of the efficiency of distribution of the missionary funds. He was followed by W. R. Warren of Indianapolis in an address on "Ministerial Relief." Missionary needs in the foreign field was next discussed by A. E. Cory of Cincinnati, formerly of Nankin, China, in a masterly address entitled the "Miracles of Modern Missions." He was followed by the different mission workers of the state who discussed work in their respective districts. They were E. P. Cornelius of Freeport, G. W. Morica of Beardstown, Mr. Billman of Ottawa, J. D. Dabney of Griggsville, Clifford Ernest and C. R. Pyatt of Springfield and W. B. Slater of

Moline. The missionary conference was closed by brief addresses by J. H. Danskin, who addressed the convention in behalf of the Anti-Saloon league; A. C. Smith, editor of the Christian Evangelist; R. F. Thrapp, of Los Angeles, Cal.; Edgar LeRoy Dakin, of Chicago, pastor of the Baptist-Disciple Memorial church, and Dr. Herbert L. Willett of the theological faculty of the University of Chicago.

At the Brotherhood banquet, served by the ladies of Grace M. E. church, after brief remarks by A. I. Zeller, of Petersburg, the toastmaster of the evening, on his work as chairman of the Illinois brotherhood, the coming international convention at Toronto was discussed by E. E. Elliott, secretary of the National Brotherhood of the Christian church. The second speaker, W. R. Warren, told the assembled Brotherhood members of the church's plan of relief for its aged ministers, after which C. M. Chilton of St. Joseph, Mo., discussed the group plan of Brotherhood work as carried out in his home city.

AUTO FRIGHTENED TEAM.

Yesterday afternoon as Clarence Rice left his team and spring wagon hitched a moment in front of Brady Brothers' tin shop on South Mainvalster street to get a piece of furniture a man started to run an automobile into Wolke's garage. The noise so frightened the team that they ran furiously south on Mainvalster street and continued their rapid journey a long distance. However, no very serious damage resulted.

DR. WIDENHAM PLEASED THAT WELLS SHOW GOOD WATER FLOW

Says He Believes Supply Comes From Gravel Bed Which Extends Clear to the Illinois River.

That the city is now obtaining all of the water supply from the Widenham and Daub wells is naturally a great source of gratification to Dr. J. C. Widenham. In conversation yesterday, Dr. Widenham said "The city has been pumping continuously from the wells now for more than four weeks and without this source of supply would have been entirely out of water. The water in the mains is clear and pure and while you may think that I am crazy on the subject of water, you can readily understand that in view of all the discussion of recent years that I am deeply interested in the subject. I have offered and am ready to buy back from the city the Widenham and Daub land and wells and to pay the city all that it has expended thereon if the council wants to enter into such an agreement."

"I had absolute faith in the water producing powers of the wells when the land was acquired by the city and I have never wavered. The well logs show a gravel bearing stratum beneath this land of about fourteen feet thickness. I do not know just how wide it is, but it extends west to the Illinois river and east for a number of miles. When prospectors were boring for oil and gas six or seven miles east of Jacksonville they struck this stratum of gravel at the same depth that it shows in the wells. The stratum extends west to the river or at practically the same depth and I believe that the wells bored by the Jacksonville Water company down near Bluffs are in this very same stratum. I argued all along that it was useless to go a long distance to the river bed and pump the water in when the same water could be obtained from the gravel beds near home."

A guaranteed watch given free with each boy's suit, Garland & Co.

PARENTAL FORGIVENESS AFTERMATH OF ELOPEMENT

Young People of Arcadia Neighborhood Who Elude Mother of Bride and Marry, Find Welcome Extended.

Another chapter was added to the romantic marriage of Mr. Reuben Noe and Miss Edna Arthur, who were wedded Wednesday evening by Squire O. G. Dinwiddie, when parental blessings were extended the happy newly-weds by the mother of the bride, Mrs. Samuel Crowther, who made a plucky fight to prevent the marriage.

Scarcely had the morning sun peeped his head above the horizon Thursday until the telephone line between the residence of Mrs. Crowther and the home of Mr. and Mrs. William James became busy with a conversation between mother and daughter. The mother was wishing to see her daughter and the daughter was wishing for more clothes, for a wedding tresson was found to be most inappropriate to "help about the house." The outcome of the talk was that the daughter could have her clothes if she would come after them. The groom, from former experiences, among them the strenuous one in Jacksonville the day before his wedding, thought it best to go along with his new bride and so accompanied her. Mrs. Crowther improved her opportunity to tell the young folks just what she thought of them for furnishing the community with so much amusement and utterly disregarding her wishes in the matter. She again reiterated her former statements about the youthfulness of the bride and thought it would have been best had they waited.

"If you had waited until next week," said Mrs. Crowther, "I would have consented to the marriage, and it could have been performed at our house and there would not have been any need of all this going on." But Noe only laughed, joined in by his bride, and remarked "that would be a long time to wait."

For with Mr. Noe who had won the hand and heart of his girl, with her tresson in his possession, a marriage license in his pocket and enough legal advice to fill a portion of a congressional record and a multitude of friends extending their appeal for assistance, it was all idle talk of waiting. But finally Mrs. Crowther came with her parental forgiveness and they were admitted under the mother's roof once again. There was really a twinkle of pleasure emitting from the eyes of the mother, for Noe is well thought of in that community, and she could not help but reflect that she had a brand new son-in-law and so stopped about with celerity and produced the much needed clothes. For the time she forgot the strenuous chase to Jacksonville, the aid of police and words of warning to the county clerk; she forgot the spirit which moved her to follow the automobile for a long distance Thursday night, in order that she might still outwit her son-in-law's cleverly laid plan. The parental forgiveness, however, was graciously received by the young people and naturally "they lived happily ever afterwards."

Rumor had it that there was to be a big charivari last night at the home of Mr. and Mrs. James, where the young people are staying, but the heavy rain must have prevented the merry makers from carrying out their plans and as a matter of fact most of the young folks of that community were out the night before until the "wee small hours."

DR. J. W. MILLER'S RETURN IS CERTAIN

GRACE CHURCH PASTOR NOT APPOINTED CHURCH AGENT.

Illinois Conference Transacts Big Volume of Business on Second Day—Rev. E. B. Houck Named Solicitor for Woman's College—Late Mrs. Gray Left Bequest of \$12,000 for Missions.

(By C. R. Morrison.)

Shelbyville, Sept. 11.—(Special)—The second day of the Illinois conference opened auspiciously. The annual entertainment, provided by the local church to defray expenses, was the subject of conversation in high complimentary terms. It partook of the nature of an organ recital interspersed with vocal selections and readings. Prof. Charles Galloway of St. Louis, rendered a very elaborate program of high class selection which not only delighted the large audience, but exhibited the skill of the artist, as well as put to the test the memorial organ, given by the Dove brothers to the church in honor of their father.

College Agencies.

In the matter of selecting men to enter the field in behalf of the Educational Forward movement, the following have been named by the respective schools and colleges, subject to the approval of the conference and appointment of the bishop: Illinois Wesleyan—Parker Shields of Charleston; J. W. Henenger of Gays, W. A. Smith of Virden.

This selection put at rest the question that most vitally affects Grace church, Jacksonville. Dr. Miller will return for his third year's service among his loyal people.

Chaddock School and Home for Boys at Quincy has named C. M. Wilson of Augusta.

Illinois Woman's college has arranged for the services of E. B. Houck of the West Jacksonville circuit to be its representative. **Banquets Extraordinary.** Dr. Horace Reed has been instrumental in his former district administrations, in training many young men in the ministry. At Shelbyville the year he has passed the word around to a score or more of these men who were in Mattoon, West Jacksonville and Decatur districts, back in the years when the doctor was a kindly father to the young men, to accept his invitation to a banquet. It was a great success. Some of these men have already become district superintendents themselves and D. D.'s, so that reminiscences were rife and many were the turns given to early instruction and incident.

Rev. Parker Shields also rallied his class of the year 1889, which was the largest class ever admitted on trial to Illinois conference, fourteen of whom are now in membership and the "boys" of 24 years ago had a spread. It was a feast of good things and a renewal of sweet fellowship.

Graham and the Book Concern.

Mr. Edwin R. Graham of the Methodist Book concern got a hearty applause when he reported an increase of 22,000 subscribers to the Northwestern Christian Advocate and also when he turned over to the board of stewards a draft for \$5,000 as the dividends of the Book Concern, according to Illinois Conference. The interest however, was heightened when W. N. Tobie of Lincoln asked the agent, concerning the union labor leaders charge that the Book Concern was unfair to labor, in that women did not receive the same pay as men for the same work. Mr. Graham entered into the discussion of the contest leading up to the decision to make the book concern an open shop, but paying the union scale in every department of its manufacturing and business enterprises. But were men and women work side by side in any department equal wages are paid to women as is paid to men.

Gift on Missions.

W. G. Loyd of Chicago brings up to conference a bequest from the late Mrs. Gray of that place, the large sum of \$12,000 for missions. The amount will swell the reports for that cause, beyond any possible "slump" that drought might have caused.

Conference Minutes.

Owaneco, in the Decatur district becomes a station this year and will provide a parsonage and \$1,000 salary for a pastor this coming year. Wm. Landiss, the pastor, is thereby embarrassed by his success, as he will see his charge turned over to two pastors, one at Owaneco and the other at Millersville.

Rumor has it that A. K. Byrns of Rantoul has been offered him a fine charge in the Central Illinois Conference. This may be due to the fact that both Canton and Normal are to be vacated because of the draft of Illinois Wesleyan University, to the pastors of there two fine churches.

Top McDowell is repeating his success of last year by his morning talks to the preachers. At least 600 people were at the early 8:30 o'clock service to enjoy the address. His first talk was a severe, yet kindly arraignment to the preachers and churches because of the low percentage of increase in church membership.

Cabinet Session.

Three sessions of the Bishop's cabinet have been held and much work has been done toward adjustment of the smaller charges, and their pastors. The work is not yet far enough along to make any prediction concerning the final appointments.

A. SMITH, THE PROGRESSIVE SHOE MAN

211 EAST STATE STREET - - - - - Jacksonville, Ill.

Mention was made recently of the 86th birthday of J. J. Sheppard who resides at his home, seven miles south of Jacksonville. More than eighty post cards and letters containing words of greeting and congratulations were received by Mr. Sheppard and it goes without saying that he was greatly surprised and also greatly pleased to find himself so largely remembered.

MRS. GENEVIEVE CLARK WILSON
The addition of Mrs. Genevieve Clark Wilson, a singer and teacher of national reputation, to the faculty of the Illinois College Conservatory of Music presents an unusual opportunity to the music students of Jacksonville. Many students from both the city and distant places have already reserved time with Mrs. Wilson. Students who wish to confer with Mrs. Wilson can make appointments by calling Director Kitch or President Rammelkamp. Both phones 454.

Story's Exchange & Employment Agency

When land values change, they invariably go higher. The 23,000,000 of people in the United States face a different condition. The go around; the 93,000,000 of today face a different condition. The unborn millions are to be fed from the same area of land. The man who failed to buy ten years ago is sorry now. If he waits ten years more he is in far worse condition. While the renter has paid his landlord \$6,000 for the use of 120 acres of land during the last ten years, the land has increased in value \$6,000 more, making the owner \$12,000, and he has the land left, and the renter has his teams and implements left.

FOR SALE—A neat little farm of 67½ acres, nearly all level farming land, well tiled, with a nice little cottage, with basement, nearly new, new outdoor concrete cellar, large chicken house, new barn for five horses, with implement shed adjoining, corn crib and granary. This farm is within one mile of the corporation of one of Morgan county's best little towns on the C. & A. road. Part cash, balance left on farm, or will take Jacksonville property in exchange.

No matter what you want to sell or buy, borrow or loan, we are at your service.

We have an entirely new and original plan of handling real estate, and it gets business. Call and let us explain to you.

Hooray! Baby To Rule the House

No Longer Do Women Fear The Great-
est of All Human Blessings.

It is a joy and comfort to know that
those much-talked-of pains and other dis-
tresses that are said to precede child-bear-
ing may easily be avoided. No woman need
fear the slightest discomfort if she will
fortify herself with the well-known and
time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, ex-
ternal application that at once softens and
makes pliant the abdominal muscles and
ligaments. They naturally expand without
the slightest strain, and thus not only
banish all tendency to nervous twitching
spells, but there is an entire freedom from
nausea, discomfort, sleeplessness and dread
that so often leave their impress upon the
baby.

The occasion is therefore one of un-
bounded, joyful anticipation, and too much
stress can not be laid upon the remarkable
influence which a mother's happy, pre-natal
disposition has upon the health and for-
tunes of the generation to come.

Mother's Friend is recommended only
for the relief and comfort of expectant
mothers, thousands of whom have used
and recommend it. You will find it on
sale at all drug stores at \$1.00 a bottle.
Write today to the Bradford Regulator
Co., 130 Lamar Bldg., Atlanta, Ga., for a
most instructive book on this greatest of
all subjects, motherhood.

There is a wealth of instruction and
comfort to be derived in reading this little
book. It is plainly written, just what
every woman wants to know, and will be a
splendid little textbook for guidance, not
only for yourself, but will make you
helpful to others. And, in the meantime do
not fail to get a bottle of Mother's Friend
at the drug store, and thus fortify yourself
against any and all pain and discomfort.

METHODIST CONFERENCE IS WELL UNDER WAY

Rev. J. W. Miller Named Chairman
of University Committee—Dr. W.
A. Smith Delivered Memorial Ad-
dress.

Shelbyville, Ill., Sept. 10.—(Special
to the Journal).—Promptly at 8:30
Bishop McDowell called the Illinois
conference to order and announced
the singing of the conference hymn,
"And are we yet alive." Also the
new hymn, "Again as turns the roll-
ing year," as prepared by the two
members of conference body, Rev.
Messrs. Robertson and Ewert, and
the singing was led by Rev. W. S.
Phillips, conference chorister.

The sacrament of the Lord's sup-
per was administered and the roll
call round almost the entire effective
membership present.
The longest distance man was
doubtless Charles H. Davis, who re-
turns from a four year missionary ex-
perience in northern Mexico. His
coming is hastened by the disturbed
state in our next neighbor's door-
yard. After him may be named Philip
N. Miner from southern Texas, the
next oldest in membership of this
large body of ministers. He united
in 1854, and is still as vigorous in
mind and body as of yore. It might,
however, be said that from the other
side of the globe has come Arthur
F. Ewert, who was busy greeting
friends and telling about his wonder-
ful year abroad.

Chairmen of Committees.
The following were announced as
chairmen of the various standing
committees of the conference:
Education—F. A. Havighorst,
Bloomington.
Evangelism—E. B. Randle, Spring-
field.

Benevolences—J. T. Stetton, Villa
Grove.

Brotherhood—C. E. Taylor, Mar-
shall.

Church Literature—E. M. Jeffers,
Edinburg.

Book concern—W. W. Carter, Fish-
er.

Conference relations—N. M. Riggs,
Beardstown.

Domestic missions—E. H. Lugg,
Rossville.

Hospitals—W. O. Roush, Warrens-
burg.

State of country and moral reform
—W. D. Fairchild, Paxton.

Conference claimants—W. T.
Beadles, Quincy.

Methodism at State University—
J. W. Miller, Jacksonville.

Sunday school and Epworth league
—C. S. Boyd, Arthur.

Woman's missionary societies—C.
R. Morrison, Oakland.

Commission on finance—C. Galeen-
er, Springfield; E. K. Towle, T. H.
Tull, A. A. White, P. P. Carson, G.
W. Flagg, B. F. Shipp, W. D. Mc-
Intosh and M. G. Coleman.

In the election of officers A. B.
Peck of Carlinville was selected sec-
retary for the fourth term. W. D.
Tenchids of Paxton and C. M. Bar-
ton of Mowequa made assistants.

William Sanders of Millersville,
was chosen treasurer and named a
list of assistants, one from each dis-
trict.

Frank M. Harry of Atlanta was
chosen statistical secretary and by
resolution named A. A. Heinlein as-
sistant and second expert accountant
to do the work.

Memorial Service.

Dr. W. A. Smith of Virden deliv-
ered a beautiful tribute to the memory
of the members who have passed
away during the year.

The important matter was consid-
ered concerning the selection of three
men to become field secretaries for
the Illinois Wesleyan university. It
was referred to the committee on
education, with instruction to report
early tomorrow on the plan.

Another matter that created much
interest and some degree of excite-
ment was the recommendation of
the district superintendents that the
statistical secretary should compare the
preacher's report of salary estimated
and the action of his quarterly con-
ference. It looked as though some
"padding" had been resorted to by
somebody.

Notes.

Jonathan Glick of Chestnut, where
a \$15,000 church has recently been
dedicated, will ask for a superannu-
ary relation. He and his wife will
spend the winter in California.

Chaddock school at Quincy has
just decided to the trustees of that
institution a fine farm of 160
acres in Ford county valued at \$32,
000. It comes from Mr. and Mrs.
R. S. Asay of Paxton and is subject
to an annuity. This will not
continue long. Mr. Asay is 82
years old and his wife 80. The
program of Chaddock contemplates a
campaign for \$160,000 for endow-
ment and building. These folks will
also place an agent out in the con-
ference this year.

IF CONSTIPATION OR BILIOUS - "CASCARETS"

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
Work While You Sleep.
Get a 10-cent box.

Take a Cascaret tonight to cleanse
your Liver, Stomach and Bowels
and you will surely feel great by
morning. You men and women who
have headache, coated tongue, can't
sleep, are bilious, nervous, upset,
bothered with a sick, grassy, disor-
dered stomach, or have backache and
feel all worn out. Are you keeping
your bowels clean with Cascarets—
or merely forcing a passage every
few days with salts, cathartic
pills or castor oil?

Cascarets immediately cleanse
and regulate the stomach, remove
the sour, undigested and fermenting
food and foul gases; take the excess
bile from the liver and carry off the
constipated waste matter and poison
from the intestines and bowels.

Remember, a Cascaret tonight will
straighten you out by morning. A
10-cent box from your druggist
means healthy bowel action; a clear
head and cheerfulness for months.
Don't forget the children. (Adv.)

ARCHBISHOP IRELAND NOW SEVENTY FIVE YEARS OLD

Prominent American Prelate Obser-
ved Anniversary of Birth Quietly.

St. Paul, Minn., Sept. 11.—In the
modest chapel attached to the arch-
episcopal residence, Archbishop Ire-
land, who, next to Cardinal Gibbons,
is perhaps the best known and un-
doubtedly the most influential mem-
ber of the American hierarchy, cele-
brated this morning the 75th
anniversary of his birth. The arch-
bishop desired that there be no par-
ticular ceremonies. Numerous friends
called to extend congratulations,
while telegrams and letters of felicit-
ation arrived in large numbers.

Archbishop Ireland has frequently
been called the typical American
prelate. It is more than half a cen-
tury since he was ordained to the
priesthood and a quarter of a century
since he became an archbishop. For
many years he was looked upon as
the head of the so-called liberal ele-
ment among the Catholic clergy in
America. But for the extreme toler-
ance of his views on secular matters,
some of which are not in exact ac-
cordance with the more conservative
element at the Vatican, it is believed
that the St. Paul prelate would long
ago have received the cardinal's hat.

Born in Kilkenny County, Ireland
September 11, 1838, John Ireland at
the age of 11, came with his parents
to the United States, reaching here
in 1849. The family lived three
years in Chicago and then came to
St. Paul, where the boy studied in
the cathedral school for a year. In
1853 he was sent by Bishop Cretan
to a seminary in France, where he
studied the classics for four years.

Went To Front as Chaplain.

He returned to the United States
in the early days of the civil war.
One month after his ordination he
went to the front as chaplain of a
Minnesota regiment. When the war
had ceased he returned to St. Paul
and was assigned to the rectorship of
the cathedral. His clerical duties did
not interfere with his interest in all
movements looking to public wel-
fare. He aided in the development
of the northwest by establishing
large colonies of desirable immi-
grants whom he brought over from
Europe. He was active in the tem-
perance cause and was elected pres-
ident of the Total Abstinence Union
of America. He was president of
the St. Paul Law and Order league,
and was said to have been an influ-
ence in inspiring the famous encyclical
of Pope Leo XIII. on capital and
labor. He was prominent in 1898 in
an effort to settle the differences be-
tween the United States and Spain
without war and later he rendered
great service in bringing about con-
ciliation between the French republic
and the Catholic church.

While he has seldom mixed in po-
litical life in the sense of delivering
addresses and making pleas for one
party or the other, Archbishop Ire-
land is a man of pronounced opinions
on all state and national topics, and
exercises his influence. In his own
way, the occasions have been few
on which he felt it his duty to break
the rule of non-interference. One of
these occasions came in the fall of
1896. The campaign between Mc-
Kinley and Bryan had only about
three weeks to run, and twenty of
the leading business men of St. Paul
sent him a letter asking that he give
to the public in his own way his
views regarding the great questions
then before the citizens of the re-
public. On October 12 of that year
he sent to the country what was then
regarded as one of the great address-
es of the contest, which later ended
so overwhelmingly for McKinley.

Established Seminary.

Archbishop Ireland's identification
with education in the northwest and
his record as a constructor covers a
wide field. In 1885 he established
St. Thomas seminary. St. Thomas
military college also owes its origin
to him, while he has aided in the
establishment of numerous academies
for boys and girls throughout this
section. What he has himself declar-
ed to be the greatest work of his life
is now nearing completion and will
perpetuate his memory. This is the
building of the two great cathedrals
in St. Paul and Minneapolis.

Plainness appears to be the great
prelate's watchword—in the furnis-
hings of his home, in his dress, in his
speech, in his acts. The archbishop
never varies his dress. His suit is of
plain black, the coat being a Prince
Albert. He wears no jewelry what-
ever and the plainest of linen. He
sticks to the old fashioned boots,
never having worn a pair of shoes
since his early boyhood days.

At 75 the archbishop appears to be
in the prime of life, both mentally
and physically. His daily life is as
simple and unostentatious as it is
possible to make it. He arises regu-
larly every morning at 5 o'clock and
retires not far from 10 o'clock each
night. His capacity for work is won-
derful, considering his years, and his
enthusiasm as unflagging as in the
days of his youth.

LOUISIANA CONSERVING

HER OYSTERS.
New Orleans, Sept. 11.—In order
to enforce the conservation of the
Louisiana oyster beds a new ruling
was put into effect today which pro-
vides that any boat fishing for oysters
must be registered in the state. In
this way the owners can be held re-
sponsible. All catches must be land-
ed on Louisiana soil and if shipped
from the port of entry must be so
marked "Louisiana Product." If
shipped outside the state a privilege
tax of three per cent will be as-
sessed.

GIRLS! GIRLS! TRY IT BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy, Lux-
uriant and Remove Dandruff—
Real Surprise For You.

Your hair becomes light, wavy,
fluffy, abundant and appears as soft,
lustrous and beautiful as a young
girl's after a "Danderine" hair
cleanse." Just by this moisten a
cloth with a little Danderine and
carefully draw it through your hair,
taking one small strand at a time.
This will cleanse the hair of dust, dirt
and excessive oil and in just a few
moments you have doubled the
beauty of your hair.

Besides beautifying the hair at
once, Danderine dissolves every par-
ticle of dandruff, cleanses, purifies
and invigorates the scalp, forever
stopping itching and falling hair.

But what will please you most will
be after a few weeks' use when you
will actually see new hair—fine and
downy at first—yet—but really new
hair growing all over the scalp. If
you care for pretty, soft hair and
lots of it surely get a 25 cent bottle
of Knowlton's Danderine from any
druggist or toilet counter and just
try it.

NATIONS UNITE IN

PERRY TRIBUTE.

Put-In-Bay, Ohio, Sept. 11.—The
two day celebration here of the cen-
tennial anniversary of the battle of
Lake Erie was brought to an impres-
sive conclusion today with the rein-
terment of the remains of the Ameri-
can and British officers who were
killed in the battle. Following the
battle of one hundred years ago the
sailors who were killed in the en-
gagement were buried in the lake.
The remains of the officers were
brought to Put-In-Bay and interred
in graves close by the shore. The
fallen officers were buried alter-
nately, England and American,
side by side. Today, with ceremonies
of a most impressive character, the
bones of the naval heroes were ta-
ken from the graves where they have
reposed for a full century and placed
in the crypt of the Perry memorial.
The solemn exercises were conducted
jointly by American and British chap-
lains, as was done a hundred years
ago.

PHILADELPHIA WINS FROM WHITE SOX 4 TO 1

BUNCHED HITS IN SEVENTH DEFEATS CHICAGO.

Shawkey and Scott Fight Draw Up To Seventh When the Latter Weakens and Allows Two Runs and One More in the Eighth.

Philadelphia, Sept. 11.—By bunching singles by Shawkey, Collins and Baker in the seventh inning, Philadelphia defeated Chicago today 4 to 1. Up to that point Shawkey and Scott had a twirling duel. Shawkey was taken out to permit Walsh to run for him. Bender finished the game for the home team in good style. Score:

McHALE SHUTS OUT BROWNS 4 TO 0

New York Recruit Pitches Sensational Ball Yielding But Four Hits and Yanks Win Easily.

New York, Sept. 11.—New York won today from St. Louis in a snappy game 4 to 0. McHale, a New York recruit, pitched brilliantly, shutting out the visitors with four hits and issuing only two passes. Mitchell pitched well for St. Louis but the home club bunched six hits on him in the seventh and eighth innings. St. Louis did not get a man to second until the ninth when McHale walked Melnard and Shotton beat out a bunt. The next two batters fled to the outfield. Score:

ANVIL WINS EXHIBITION RACE FROM DUDIE ARCHDALE

Attempts to Break Record of 2:01 Held by The Harvester Fail—Earl, Jr., Wins Free-For-All Pace.

Syracuse, N. Y., Sept. 11.—Six events made up the card for get-away day for the Grand Circuit meeting at the New York State fair here today. The feature, an exhibition race between Dudie Archdale and Anville was won by Anville in two heats. An effort was made to break the record of 2:01 held by The Harvester. The best time was 2:04 1-4, which equals the mark held by each horse.

The Earl, Jr., won the free-for-all pace and Robert Milrol won the Chamber of Commerce stake in straight heats.

Nata Prime carried off the honors in the 2:12 trot after four heats. The 2:07 pace went to Margol Hal, after Hal McKinney had won the first heat.

REULBACH DEFEATS FORMER TEAMMATES

BROOKLYN WINS SECOND FROM CHICAGO 6 TO 5.

Big Ed Holds the Cubs to Two Hits Up to Seventh Inning When Chicagoans Make Three Runs—Evers and Heinie Zim Are Chased.

Chicago, Sept. 11.—Pitcher Reulbach took the mound against his former teammates today and Brooklyn won its second straight game from Chicago, 6 to 5. Reulbach was in fine form and allowed Manager Evers' men had two hits until the seventh inning, when doubles by Good and Archer and a home run by Williams, who batted for Pierce, enabled the locals to tie the count.

Manager Evers argued with Umpire Byron about Reulbach's stepping off the rubber and was banished to the club house. Zimmerman soon followed for arguing a decision at second base. Score:

NEW YORK GIANTS WIN ANOTHER FROM PIRATES

Demaree Pitches Steady Game and New York Wins by Fast Game in Field and on the Bases.

Pittsburgh, Pa., Sept. 11.—Demaree's steady pitching, aided by Pittsburgh's poor base running and two costly errors by the locals, gave New York its second victory over Pittsburgh this afternoon 4 to 1. The visitors played fast ball in the field and on the bases. Pittsburgh's only run was obtained in the first, when Carey walked and stole, took third on Demaree's wild throw and scored on Viox's single. Score:

SOME OFF-SIDE CHUTES.

Major W. H. Dalton postcards this column a correction on the original "Big Four." His memory places it Jin (Deacon) White, Jack Rowe, Hardy Richardson and Dan Brouthers. Sam Thompson, he avers, was not one of the "chosen ones," but a teammate. Paddy Ford, one of the best sporting writers in America, and with Colonel Butler, one of the founders of the Buffalo Evening News, was the man who christened the "Big Four." When the major writes of the transfer of Hardy as one of the famous quartette for a fabulous sum he speaks correctly. At that time the price was by far the greatest ever expended for a combination of ball players. But the line-up as published Thursday was the one as originally named by Paddy Ford, Sam Thompson, having preceded the other players by nearly one year in Detroit.

Cy Morgan, recently purchased from Kansas City by Cincinnati, is out of the fray for the season. Bonsetter Reese has the ex-Athletic hurler under his care and says Cy has a very bad arm. Connie Mack over one year ago reached that conclusion when he ditched him to the Kaws.

Bodie had a bad day Wednesday. The best he could do was to drive in a pair of runs with a two bagger and a single, which allowed Father Penn to hunt the hay in a peaceful fame of mind.

Millard Huggins has been retained by Mrs. Britton to again pilot the Cardinals in 1914. The little Cincinnati player is popular in St. Louis, although at the helm of a tail-end.

If Nap Rucker "has gone back," the Cubs on Wednesday were playing like a bunch of "crackerjacks" in the Everglades. The great south-paw never hurled a better game in all his career, and had the Murphys meagerly browsing from his kithgogue all the way.

They are "off again" at Vancouver. Ritchie has called off his go with Freddie Welch scheduled for one week from Saturday. He is negotiating with Charles White, a Chicago novice, if a ten round bout can be arranged before one of the Wisconsin clubs. He is willing to make 135 pounds ringside for the Windy City lightweight apprentice. "Wisconsin is not going to be a harvest for "sure things," something this so-called champion will learn if he attempts any of his famous frame-ups.

Tommy Burns has broken into print with a denial of Pelky's allegations regarding those Canadian "lay-downs." When he alibis by saying he always has boxed on the level he draws a laugh from a circus trick jacks.

Those two raw recruits, Quinlan and Callahan recently annexed from the bushes by the Cardinals, have become heroes in the Mound City. Quinlan is a slugging outfielder and Callahan is a nifty shortstop with a good wallop and fast on the paths.

Bob McAllister, the Olympic clubman of "Frisco" is offering excuses in plenty for his poor showing against Petroskey on Monday night. He winds up by saying he was stale from overtraining, and that what he needs is a good long rest—something an indulgent public has long been entitled to.

The "rah, rah boys all over the country are hard at their tasks of training for the on-coming gridiron battles.

Lee Magee, the Cincinnati printer with the Cardinals, has become the handy man of the team. One day he is in the outer works, the next at the keystone and then again he is stationed at first. He plays all positions in grand shape, and is the one reliable hitter of the team.

Russia's czar has sent to this country Col. P. M. Dobrynin to study our harness racing. The representative is now watching the game at Indianapolis and later will tour the Grand Circuit in pursuit of the czar's desire for information.

The outlook for the running turf is more than bright down in Oklahoma. A large referendum petition asking the repeal of the anti-racing law squeezed through the last legislature has been filed. As the petition contains the names of thousands of voters in excess of a majority, the lovers of the "sport of kings" are quite optimistic.

HOPPER MAKES BIG LEAGUE DEBUT

Is Hammered by Philadelphia Club for Total of Ten Hits, the Phillies Winning 8 to 2.

St. Louis, Sept. 11.—Pitcher Hopper, who was traded to a scout last year for a hunting dog and returned to St. Louis by the New Haven club, made his major league debut here this afternoon and was pounded for eight runs by the Philadelphia club, while Seaton for the visitors yielded but two scores. Up to the eighth inning not a local player had reached third base. Hopper reaching the far corner in this chapter when Paskert misjudged his high fly. St. Louis scored its runs in the final inning after one was out on a pass, a single by Oakes and Whitted's triple. Score:

lies Winning 8 to 2.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

TRADING LACKS VIGOROUS TONE

SPECULATION COLORLESS WITH NARROW MOVEMENT DOWN- WARD.

Small Decline Is Due Largely to
Realizing Sales—Union Pacific Is
Again Target of the Market and
Loses Nearly Two Points.

(By Associated Press)
New York, Sept. 11.—Speculation
was colorless today with a narrow
movement downward. Trading lack-
ed the vigorous tone of yesterday,
but there was no severe pressure of
stocks and the small decline was due
largely to realizing sales following
the rise of the preceding session. The
undertone throughout was good.

Union Pacific's bear entries of
yesterday made it a target and it
lost nearly two points. In the afternoon there was in-
creased selling of Steel and Amal-
gamated, but toward the close the
market stiffened. The favorable
showing of the Steel and Copper
statements, ending of the drought in
some portions of the corn belt and
the recent improvement in the in-
vestment market were all referred to
as indicating a betterment in funda-
mental conditions.

Weakness of the grain market was
said to be the basis for bidding up
the strangers in the late trading.

**"GETS-IT" Gets
Corns Sure as Fate**

If You've Had Corns for Months or Years, "GETS-IT" Will Remove Them All in a Few Days.

"Where! hurts way up to my heart. I've tried almost everything for corns!"
Corn-sufferers, corns! 'tis at hand. "GETS-IT" is the only real enemy any corn ever had. Put "GETS-IT" on in 2 seconds, and away they go, shrivel, vanish. No more cotton-rings to make the corn sharper and more bulky, no more band-aids to stop circulation and stick to the stocking, no more salves to turn the flesh raw and make the corn "pull," no more knives or razors with danger of bleeding and blood poisoning.

WOMEN SERVE ON JURY FOR FIRST TIME

GAVE VERDICT IN SQUIRE DYER'S COURT THURSDAY.

Trespass Suit Filed as Result of Neighborhood Differences—Jurors Sets Sentiment Aside and Decides Case on Law as They Understand It—Three Attorneys Presented Arguments.

"Yes we found the defendant guilty but we oughtn't to have done it," said one of the lady jurors who served yesterday in Squire Dyer's court when Mrs. S. D. Evans was found guilty of trespass and fined \$1.00 and costs. Continuing the juror said "we had to find her guilty because the law was clear, but really the offense didn't amount to anything and it didn't seem fair to make her pay a fine. I hope they never get me on a jury again. The officer who summoned me for jury service said that I would be in court only a few minutes and here I've been all morning in that little old court room."

For the first time in the history of Morgan county women were called upon to serve as jurors Thursday and so a minor justice court suit as states Attorney Robert Tilton put it was busy making history. Constable Ferguson started out to secure a jury of women as he thought it would be a good idea to have a woman's case decided by a jury of her sisters. For some cause however the constable secured only five women and so one man had to be pressed into service in order to comply with the statutes. John Minter was the sole male representative and the other jurors or "jurers" were:

Mrs. Nancy M. Schell, 1912 Mathers street.

Mrs. Mamie Dalrymple, 314 North Main street.

Mrs. Laura Park, 357 West North street.

Mrs. Hattie Sorrells, R. F. D. No. 8.

Miss Lulu Benson, 339 East College avenue.

Mrs. S. D. Evans was the defendant in the case and she was charged with trespass the complaining witness being Mrs. William Spaulding. Mrs. Evans' attorney was Paul Green while the case in behalf of the state and the prosecuting witness was handled by States Attorney Tilton and J. O. Priest.

Neighbors Had Differences.

The case seemed to be based largely upon a neighborhood row. Mr. and Mrs. Evans lived in a house on West Walnut street owned by Mr. Spaulding and adjacent to their own residence. Early this summer there were some neighborly differences about chickens, turkeys and the crossing of property and this culminated in Mrs. Evans having Mrs. Spaulding arrested on a charge of trespass. Mrs. Spaulding came in and entered a plea of guilty and subsequently had Mrs. Evans arrested on a like charge. The case has been continued from time to time but finally came to trial Thursday with a result as quoted above. After examination of witnesses had been concluded J. O. Priest made the opening statement for the state. He said that he would leave the matter of complimenting the fair lady jurors to Mr. Tilton who he said was unmarried and he himself would simply address himself to the task of explaining the law and pointing out the duties of the jurors. He said that it was an epoch making thing for women to be serving on a jury in Morgan county, and that none of the ladies need feel embarrassed because of ignorance of the service which they were asked to perform. He said that they were no more accustomed to jury service than are a great many men and mentioned that while he had lived for 50 years that he had never served upon a jury and that he had known many men who had lived longer and finally died without ever performing jury service. Then he urged his jurors not to be swayed by prejudice or sympathy and to decide the case dispassionately upon the law. He then read from the statutes defining trespass and maintained that Mrs. Evans had trespassed upon property belonging to Mr. and Mrs. Spaulding after she had been warned to keep away from it.

He was followed by Mr. Green for the defense and Mr. Green gave a somewhat different interpretation of the law. He maintained that Mrs. Evans had more than once had permission and an invitation to go upon or cross the Spaulding property and that while a no-trespassing sign had been posted that it was not near the place where the alleged act of trespass occurred. He maintained too that to be guilty, under the law, that Mrs. Evans must have with intent gone upon property after she had been warned to keep away.

States Attorney Tilton closed the argument for the prosecution. He confessed to some feeling of embarrassment in addressing a jury of women but congratulated the jurors on having attained rights by peaceable and dignified methods which had been given to men years past only after long and blood struggles. Then the states attorney, bemoaned the fact that in justice court trials there is frequently too much levity and said that the same solemnity and quiet good order should prevail in a justice court as in one of higher authority. He referred to the justice court as the people's court where the common little troubles of life were discussed and settled. Mr. Tilton read from the statutes and insisted that there had been a clear violation of the law and that Mrs. Evans had gone upon property belonging to Mr. and Mrs. Spaulding after she had been warned to keep away.

The jury retired and in a very few minutes returned their verdict, finding Mrs. Evans guilty. The ladies seemed to be especially impressed with the fact that no matter whether or not any damage had resulted

from the alleged trespass or whether the whole trouble was simply a neighborhood row that they must find a verdict based on the law and accordingly they brought in the verdict.

BRANDYWINE BATTLE ANNIVERSARY.
Philadelphia, Sept. 11.—The 136th anniversary of the battle of Brandywine was observed today with the customary exercises on the battlefield, near West Chester. The battle was fought September 11, 1777. The Americans were defeated and as a result Philadelphia fell into the hands of the British. It was at Brandywine that the continental army marked the star and stripes into battle for the first time.

W. R. C. NOTICE.

STATE NEWS.

Turtle Egg Caused Death.—Wm. Douglas, a resident of Pittsburg in Williamson county, died as a result of a turtle's egg hatching in his stomach. A few weeks ago Douglas partook of some turtle soup and shortly afterward became ill and numerous physicians were unable to diagnose his disease. An autopsy was performed and a partially formed turtle almost as large as a hen egg was found in his stomach.

Oil Interests in Macoupin.—An oil boom is again spreading through Macoupin county. The activities this year may not be as rapid and spectacular as before, but a steady work is going on. The impromptu company that has done more to test the territory than any other company is again ready to drill a well. This time it is to be on the Cash Rhodes farm. This well is located just south of the last well drilled by the Ohio Oil company. A shipment of three tanks of oil was recently made to the Woodrider plant.

Order Fifty Miles Rail.—The Illinois Steel company at Joliet is now delivering an order of fifty track miles of ninety pound steel rails to the Alton at Joliet and the road is now rushing the large capacity flat cars to that city to take care of the order. Twenty miles are to be sent to the western division while the thirty remaining miles will be divided between the northern and southern divisions. Much of the rail will be laid this fall at the following points, near Williamsville, between Pontiac and Ocoya, on the

Pequot line near Godfrey, at Girard and other intermediate points.

Cannot Burn Rubbish at Night.—The city health department of Springfield has a warning about burning leaves or rubbish. A city ordinance makes anyone burning rubbish in the evening subject to a heavy fine. It may be fired with impunity in the forenoon. The health department will prosecute wherever it finds the ordinance violated.

Bloomington Work House Completed.—Bloomington's new work house is about ready for occupancy and the key will be turned over to the city within a short time. The prisoners in the county jail will at first be employed in cleaning up the yard about the premises and later on will begin the useful work of crushing stone.

Hog Cholera Now Prevalent.—Hog cholera has attacked many droves of hogs in Illinois and seems to be spreading all over the middle west. The disease first became virulent in Iowa. Heavy losses are reported from Minnesota, Missouri and Nebraska. In Illinois conditions are much the same as in other states and farmers will not escape heavy loss. Scarcity of water, neglect of parasitic troubles and lack of field range are conditions which lead up to hog cholera.

Plan Larger Chautauqua.—Bloomington people who are interested in the chautauqua there are planning to have a larger and better one next year than ever before. Three sites are under consideration for holding the chautauqua and it is likely that Lake Park will be chosen. It is the intention to build an open air theater there and to improve the boating and bathing facilities.

OF

"Kindel" Parlor Beds

All week beginning Monday, Sept. 15th, we will show in our window a graphic demonstration of the Kindel Davenport Bed, showing how it works in actual use, how it offers you added comfort, convenience and a real saving of money.

\$5.00 DOLLARS \$5.00

brings one of these splendid Davenport beds to your home. In order to introduce it into a number of homes, so confident are we that it will give the greatest satisfaction, we will sell any Kindel Bed during the month at the very easy terms of \$5.00 down and \$5.00 a month.

Not only is the Kindel a convenience to be used in emergencies, but it fully takes the place of a bed. It saves space, consequently reducing rent, and does away with the necessity of furnishing an additional bed room.

Its simple automatic action cannot get out of order and even the most critical person cannot tell it from an ordi-

nary davenport in the daytime. Besides, there is a large compartment below the seat that serves as a handy wardrobe at all times.

Come and see the demonstration and look over our wide variety of Kindels. There's one that will just suit you.

SPECIAL

On Thursday, Sept. 18th (special opening day), we will give every lady customer visiting our store a splendid and useful souvenir.

Burgoo and Fish Fry at Merritt Marted By Rain.

The attendance at the annual burgoo and fish fry of the M. W. A. of Merritt Thursday was cut down considerably on account of the threatening weather. Early in the afternoon there was a slight sprinkle and later in the evening the clouds began to gather so that those who wanted to get there as quickly as possible and hurried to their homes especially those who lived at a distance. The affair was held in the Merritt School house yard and everything was neatly arranged for the people. The fish and burgoo with all the trimmings was of the best variety. The Merritt band furnished music. Members of the order and ladies all lent a hand in the affair and only the rain marred what would have been the most successful event ever held by the organization.

AVOID THE BRONCHIAL COUGHS OF EARLY FALL.

The changeable weather of early fall brings on bronchitis and a hard cough that is wearing on the system and seems to tear open the bronchial tubes and mucus lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucus lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. Get the genuine in the yellow package, and refuse substitutes. City Drug Store, J. A. Obermeyer. (Adv.)

Leo A. Calhoun expects to return to St. Louis this morning after a brief visit with his parents, Mr. and Mrs. T. P. Calhoun of Pine street, and Monday morning will leave for Salt Lake City, Utah, where he is to take charge of the branch house of the N. O. Nelson Manufacturing company. A little less than a year ago Mr. Calhoun entered the employ of the N. O. Nelson company in St. Louis, manufacturers of plumbing supplies, and has risen rapidly. When he returned to St. Louis recently after a brief vacation he was promoted and just a few days ago was notified of his new position. His many friends in Jacksonville will wish him success.

REV. MR. THRAPP WARMLY

WELCOMED TO JACKSONVILLE

Minister i Met at Early Train by Many Friends—Doing Successful Work in Los Angeles.

Rev. R. F. Thrapp must certainly know that he holds a warm place in the hearts of the people he left in Jacksonville, for when the early train, soon after six a. m., rolled into the station yesterday morning from Kansas City six or eight automobiles and fifty or seventy-five people were there to greet him. He was almost good naturedly mobbed as he stepped from the train and had the time and place of his arrival been fully known he would have been met by a greater number.

Seen by a Journal reporter Mr. Thrapp said substantially in response to questions:

"I have been in Los Angeles 21 months and my church is the mother organization of 21 more of the faith in the great city. The five greatest churches are near the center of the city and are the Baptist, Methodist, Congregational and Immanuel Presbyterian and the First Christian. Since my work began there I have received into the church 400 people and have not had any special revival effort, all having come in during ordinary services.

Los Angeles contains people largely from the middle west and the first four weeks of my ministry there I greeted persons from all five of my pastorates. The city is growing rapidly, having increased 125,000 since my arrival in it. It now has a population of half a million and thirty thousand more than San Francisco. The people and the press out there have treated me very kindly and of course I am in love with California and do not expect at least at all soon, to return to Illinois and do not know that I ever shall, but of course will not speak at all definitely.

Loyal to Jacksonville Friends.

"I can never forget the dear friends I have here and shall never cease to love them. The people of Jacksonville should appreciate the lovely place they have. When I entered the city this morning and started on West State street I said it excelled any sight in beauty I had yet seen since leaving the city. The reputation of Jacksonville is nation wide. Often I mention the place even to those who have not been here and at once they speak familiarly of it as a lovely place or the seat state institutions and colleges.

"Recently my board met and presented me with a beautiful gold watch and chain and the expenses of a trip to Toronto where I am going to the national convention as a special delegate. I expect to be here a week, then go to Chicago to visit my parents and then on to Toronto. I like Jacksonville for I was able to work with all classes both in and out of the church which was pleasant and I met many whom I love dearly.

Mr. Thrapp is looking remarkably well. His wife was unable to come with him on account of the illness of her mother. Everybody is invited to the reception to be tendered him at the Central Christian church this evening from 6:45 to 7:45.

NO CHANCE FOR WOMEN TO

REGISTER FOR FALL ELECTION

Will Be Able to Cast Ballots by Making Affidavits—Local Option and Utility Questions Will Interest Many.

The fact that women in Jacksonville yesterday for the first time served upon a jury emphasized anew that the women of Illinois now have many rights which were not theirs before July 1st. Women will undoubtedly take an active interest and part in the election next November when the question of continuing this anti-saloon territory or again licensing saloons will be settled. There are many women who do not care to vote upon other questions or for any particular candidates who already have it in mind to cast a ballot on this question.

Many questions have been asked regarding the registration of women voters for the fall election. Women cannot register this year as the law does not provide for registration each year, but it will be possible to vote by making affidavit as to name, place of residence, etc. An unregistered voter can be challenged and so it will be necessary for every woman who expects to vote in the November election to take with her to the polls an affidavit properly filled out or to be ready to make one out before a notary at the polls.

Voluntarily Franchises. If the utility franchise ordinances are voted upon or if light proposition is again put up to the people this year women will have the right to vote upon these questions. What effect their votes will have is a matter upon which it is difficult to figure with any degree of certainty. It is possible that it would be hard to get the women out to vote on these questions, though it seems more than likely that a majority of them would recognize that they are deeply concerned in light, heat and street railway propositions. So far as the improvement of the municipal light plant is concerned it seems a pretty safe guess that many women would favor the improvement. They would doubtless recognize that it is much pleasanter and safer to be abroad in a well lighted city and that plenty of light affords the best kind of police protection.

LET EVERYBODY TURN OUT AND ATTEND HERMAN'S GRAND FALL OPENING THURSDAY, SEPT. 18, 19, BY RANDALL'S POPULAR ORCHESTRA.

RUNAWAY ON EAST STATE ST. Thursday morning about 8 o'clock a horse hitched to a red sulky ran west on East State street at a lively gait and was not caught until the vehicle was badly damaged. When the animal reached Spaulding place the axle was bent and one of the wheels turned crossways. The horse proceeded on toward the square and when some one tried to stop him in front of the Blind he turned into a private drive and was caught in the rear of one of the residences. Shortly afterward a man drove up in a buggy and claimed the loose horse that was following the runaway and also took the runaway horse away.

A. E. Lyon, 133 Park street, must sell or give away before Saturday night; one oak and one cherry bed room set, book case, feather bed, Cady box spring mattress, clothes wringer, Todd stove, 12 foot and 16 foot fine ladder, marble top table, etc., etc. Come early.

You can be certain of correct hat style if it is purchased of Garland & Co.

FLOWER SHOW SATURDAY.

The annual flower show will be held at the public library Saturday. All pupils who have flowers to exhibit are requested to enter them at 9 o'clock Saturday morning and to bring a glass jar or other receptacle. Prizes will consist of 50 cents for first, and 25 cents for second, and are offered for the following flowers: White asters, pink asters, lavender asters, mixed asters, cosmos, verbenas, marigolds, zinnias, nasturtiums, mixed bouquets, coxcomb, largest sunflower, tallest castor bean and prettiest gourd.

AT THE CONGREGATIONAL CHURCH.

The regular order of service will be resumed Sunday next at the Congregational church. Mrs. Genevieve Clark Wilson has been engaged to serve as director of music. With Dr. Post in the pulpit, Mrs. Bullard at the organ and Mrs. Wilson a soloist Congregational folk look forward to a service of distinctive quality for their edification and uplift during the ensuing year.

NOTICE TO WATER CONSUMERS.

Consumers of water are hereby requested to desist from the use of city water for the sprinkling of lawns or streets adjacent to their homes until the drought is broken. The department can continue to supply good clean water for ordinary uses, but if extra demands are made for outside purposes it will be necessary to mix lake water with the present supply. W. H. Cobb, Water Superintendent.

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, wornout range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary."

"Talk about luck in baking—'luck' is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range. Then you can buy intelligently and be sure of a range that will last a lifetime—the

Great Majestic

Malleable and Charcoal Iron Range

A Perfect Baker—A Fuel Saver Outwears Three Ordinary Ranges

ONLY RANGES made of malleable iron and charcoal iron. Charcoal iron WON'T RUST LIKE STEEL—malleable iron can't break. Put together with rivets—joints always absolutely tight. Body lined with pure asbestos board, covered with iron grate—can see it—insuring a draught-tight baking heat with half the fuel required in ordinary ranges.

All Copper Movable Reservoir—Other Exclusive Features Reservoir in direct contact with fire, heats through copper pocket around fire—exclusive patented feature. Over thermometer—accurate all the time. All doors drop down and form rigid shelves. Open end ash pan—ventilated ash pit—ash drops. Contains Greatest Improvement Ever Put in a Range—Increasing strength and wear of a Great Majestic more than 80% at a point where other ranges are weaker. Ask about it. Best range at any price. We can furnish any size or style with or without legs. Come in and let us show them to you.

EDUCATION FOR WOMEN

We have been describing the Women's College to you. We believe that it can benefit every woman in Jacksonville.

We have unequalled facilities for the study of—

REGULAR LITERARY WORK—Leading to the degree of Bachelor of Arts.

MUSIC—Piano, Voice, Pipe Organ, Violin, Cello, Public School Methods.

ART—Design, Drawing and Painting, China Decoration.

EXPRESSION—Leading to the degree of Bachelor of Arts. Two year normal course.

HOME ECONOMICS—Leading to the degree of Bachelor of Science. Two and three year normal courses. Sewing, Cooking.

These facilities are at your very door. Plan to take advantage of them this year. Such opportunities should be realized by graduates of the high school, teachers in the public schools, young women and girls at home, busy mothers and housekeepers—everybody.

We will arrange classes on Saturdays or evenings if desired.

The higher education was formerly for men alone. Therefore most colleges were planned for men and give what men need. If women attend they get what they can out of the methods and equipment. But at the Women's College everything is planned for the benefit of women alone.

By grasping these opportunities you will increase your efficiency, your value, whether viewed from the standpoint of added earning power or increased happiness. You will be richer, happier and better.
